^{*}The scenarios presented represent an estimate of future performance based on historical data regarding how the value of this investment is changing, the property yields on the real estate market and/or current market conditions and do not represent an accurate indicator. Your profit will vary depending on what the market is like and how long you hold the investment/product. Investors should be aware that by investing in the Fund, they risk losing all or part of the capital invested. The future performance is subject to taxation which depends on the personal situation of each investor and may change in the future. The fund is subject to a number of risks, primarily those associated with the ownership of commercial real estate. These risks include declines in the value of real estate, risks related to general and local economic conditions, increases in property taxes and operating expenses, changes in other government regulations, and other property-related risk. These risks could contribute to a decline in the income generated by the Sub-Fund from its direct or indirect holdings in real estate and, consequently, to a decline in the value of its investments.

PLEASE REFER TO THE OFFERING DOCUMENTS OF THE COMPANY AND THE SUB-FUND (AS DEFINED HERE BELOW), AND TO THE KEY INFORMATION DOCUMENT ON THE SUB-FUND, BEFORE MAKING ANY FINAL INVESTMENT DECISIONS.

This presentation provides an overview of the Accolade Industrial Fund (the "Sub-Fund"), the sole sub-fund of Accolade Fund SICAV plc (the "Scheme" or "Company"). Accolade Investment Company Limited (C 94600) is authorised and regulated by the Malta Financial Services Authority ("MFSA") to act as an Alternative Investment Fund Manager in terms of Directive 2011/61/EU on Alternative Investment Fund Managers ("AIFMD"), and has been engaged by the Company to actively manage the Company and the Sub-Fund's AIFM (the "Manager").

The Sub-Fund is a real estate fund and primarily holds a diversified portfolio of industrial commercial properties in Czech Republic, Slovakia, Hungary, Poland, Germany, Russia, Ukraine, Estonia, Latvia, Lithuania and in the Commonwealth of Independent States. Such industrial commercial properties are mainly "A-class" warehouses as defined by CBRE (www.cbre.cz), which can include warehouses or manufacturing properties, or other commercial property within this definition. The Sub-Fund may also invest to a lesser extent in other European countries.

The Sub-Fund is intended only for investors classifying as qualifying investors in terms of the Offering Documents.

The information and services provided in this presentation are for informational purposes only and are not and should not be construed as a recommendation to purchase or redeem units in the Sub-Fund or as investment advice. They should not be relied upon as a basis for entering into any contract or creating any obligations. Furthermore, this document should not be cited or referenced as part of any contract or obligation of any kind. None of the information presented here should be interpreted as investment, legal, tax, or any other form of advice. The Company strongly encourages prospective investors to seek independent legal, financial and/or tax advice prior to investing. Furthermore, the Company cannot guarantee the accuracy of the information contained herein and shall not be held liable for any losses incurred from the use of this information. It shall be the responsibility of every user of this document to take complete accountability for their investment decisions.

Prior to undertaking any subscription for units in the Fund, prospective investors should diligently assess the investment objectives, eligibility requirements, fees, and risk factors associated with each of the Sub-Funds which are all set out in the latest offering memorandum of the Company and the Offering Supplement of the Sub-Fund (the "Offering Documents"). It is advised that prospective investors thoroughly read through the contents of the Offering Documents before reaching a decision to invest in the Fund.

In addition, whilst actively managed, the Sub-Fund is not managed in reference to any benchmark index. In addition, there will be no secondary market for the investor shares in the Sub-Fund, and consequently, an investment in any Sub-Fund may be illiquid given that investors would only be able to dispose of their holding by means of redemption. There is no assurance that, in order to meet redemptions, the Sub-Fund will be able to liquidate their portfolio without losses. These losses might have an adverse effect on the NAV of the Sub-Fund and thus on the redemption proceeds that will be received by the redeeming investor. The portfolio of the Sub-Fund, under the sole trading authority of the Manger, may utilise leverage, which can result in volatile investment performance. Investors should only proceed with an investment if they are prepared to potentially lose all or a significant portion of their investment. Fees attached to the investment may be higher than in other alternative investments, therefore the investors may lose part of their profits. Furthermore, current or prospective investors ought to be aware that investors in AIFs (such as the Sub-Fund) are not protected by any statutory compensation arrangements in the event of the Company's failure.

Any person who receives or obtains a copy of the Offering Documents in any territory should not consider it as an invitation to purchase or subscribe to units in the Fund in any jurisdiction, unless such an invitation is legally permissible without violating any authorisation or legal obligation in that particular territory. It shall be the responsibility of the person accessing this presentation to adhere to the applicable laws and regulations in their jurisdiction.

AN INVESTMENT IN THE FUND IS SPECULATIVE AND INVOLVES A HIGH DEGREE OF RISK. THERE IS NO GUARANTEE THAT THE INVESTMENT OBJECTIVE OF THE SUB-FUND WILL BE ACHIEVED. MOREOVER, AN INVESTMENT INTO THE SUB-FUND COMES WITH INHERENT RISKS INCLUDING THE POTENTIAL LOSS OF PRINCIPAL, AND PAST PERFORMANCE MAY NOT BE INDICATIVE OF FUTURE RESULTS.

Current, or prospective investors should be aware that there may be limitations on the withdrawal of capital from the Sub-Funds, potentially leading to restricted access to capital during times of urgency. In addition, investors only acquire units in the Sub-Fund, and not in the underlying assets of the Sub-Fund as these are only the underlying assets owned by the respective Sub-Fund.

THE FEES AND EXPENSES CHARGED IN CONNECTION WITH THIS INVESTMENT MAY BE HIGHER THAN THE FEES AND EXPENSES OF OTHER INVESTMENT ALTERNATIVES AND MAY OFFSET PROFITS.
